

Said
In Cypress

That we have a list "fugitives from the classified section" which have popped up this week. Not knowing where else to put them, we "throw them into the pot" of it's being said. Hope you have fun with them.

WANTED: By the up and coming woman's community club. Articles for its rummage sale to be held April second in the first new store building located next to the Cypress cleaners. Beat clean-up week and donate to the cause. If you don't plan to be in Cypress, or the articles are too large to carry, drop a post card to Mrs. Frank Noe, Cypress, and someone will pick up your donation. Any business downtown will receive your contribution.

WANTED: A banjo player, by the P.T.A. for the bang-up minstrel show which will take place in the school auditorium March 25 and 26. If there is an old banjo lying around your house which is not in use, the members of the cast claim it would suit their purpose, minus a "strummer."

WANTED: A name for a "stroch." Jim Bryant claims he's a very rare species of canine masculinity, whose father was a stray and mother was a "little pough." From what we could gather, he is to the dog world what Mr. Five by Five is to people. From the description, we picture him as being a regular "square." But Mary and Patti love him, and Papa Jim's heart is softened. (We said "heart.") REWARD: One free airplane ride for the best name received. Just write it on a penny postcard and mail it to Jim Bryant, Cypress. That just shows how far some papas will go to please. Or should we say "how high?"

WANTED: An invitation by the editor to club meetings, be it a church, social or fraternal organization. The members of the chamber of commerce feel that if they can put up with her at their semi-monthly meetings, your club can tolerate her for a matter of fifteen minutes to speak on a subject of civic interest.

WANTED: By the VFW for its new headquarters, donations which can be used for the purpose of providing a comfortable lounge. Small tables, divans, or chairs would be appreciated. You probably have an excess piece of household furnishing which you just remembered that the boys and girls can use.

Activity Along Avenue Favorable

Several local businesses have been undergoing changes and improvements recently. This last week, workmen have been busy at Ernie's drive-in installing a new flagstone front. The east side of the building, which houses the dining room, includes planter boxes.

K. D. Tillema, owner of the Central Feed store, has made drastic changes in the arrangement of the fore part of his building, which gives it a workable and attractive appearance. Bins have been installed to hold bulk items, and shelves are arranged to hold display articles. The old counters have been eliminated.

At 5252 Lincoln avenue, a new shingle will announce the location of Bob's radio shack. Operated by Kenneth Brown, emphasis will be placed on all kinds of radio repair. Brown will also carry a complete stock of all popular brands of radio tubes. Already having installed equipment to carry on this kind of work, he hopes in the future to add to it from time to time with additional installations.

Although not yet an established business, the Cine car theater has progressed another step toward its opening with a hard-surfaced drive and a sign which states that it will be open soon. The Montgomery brothers expressed confidence that the opening date will not be too far distant.

No statement was available as to businesses locating in the four new buildings being constructed. It is expected that information will be given when the stores are completed and ready for occupancy.

SCHOOLS IN COUNTY GET INCREASED FUNDS

The public schools of Orange County this year will receive \$12,222,543 in state and local support, compared with \$10,114,835 for last year, it was reported today, analyzing recent trends in public school support in California.

Mr. and Mrs. Charles McGrane of Los Alamitos and daughter Sherry Anne, are spending a short vacation in Riverside with Mrs. McGrane's father.

Mr. and Mrs. T. J. Wright and daughter, Terry, returned this week from a visit to Fort Worth, Texas, and Oklahoma in the homes of their parents and other relatives.

P.T.A.'s March Session Featured Music, Film

Because election of officers will be held at next month's meeting of the Cypress elementary school P.T.A., a nominating committee was selected at the business meeting held last Thursday evening in the school auditorium. Members named were Mrs. Ivan Mahaffie, Mrs. Richard Wallace and Mrs. Frank Leverich. It was announced during the session by President Dorothy Lukens that on April seventh, at two o'clock in the afternoon, a tea will be held in the school's utility room to stimulate interest in the annual carnival scheduled for April 29. A speaker will be present, and those having ideas on carnival attractions or desiring to help in any way are asked to attend.

A petition asking for the repeal of proposition four on last November's ballot was read and circulated so that those in favor might sign. Practice for the minstrel show to be given March 25 and 26 was announced as Wednesday and Thursday nights each week, and anyone wishing to take part is invited to do so. Co-directors of the show are Mrs. Louis Wlaschin and Mrs. Howard Decker.

The school's part in the program for the meeting this month was under the supervision of the Misses Armour and Barton, second grade teachers. Several songs were presented, as well as numbers by a rhythm band. Jim Duncan showed movies of Japan which he took while in the merchant marine as an added feature.

As a finale to the evening's activities, second grade room mothers were hostesses, serving tea and cookies in the school lunch room.

TRAILER LETS LOAD GO PREMATURELY

A freak accident occurred on Lincoln avenue Wednesday morning just this side of the bridge where Lincoln becomes Carson avenue. While transporting a prefabricated gas station of rather large proportions, the trailer on which the sections were placed lost a wheel. This caused the load to lose balance and topple to the highway. Several minutes were consumed as men from the Compton Metal company worked to restore the load to the trailer and clear the highway. A small crane was used to facilitate the operation.

STANTON LIONS PLAN LADIES' NIGHT

The March 21 meeting of the Stanton Lions Club will be Ladies' night with dinner and entertainment at Baldassarre's Italian Villa, according to plans made at the last meeting of the group early this week. Ed Faulkner was appointed as chairman of the committee on arrangements with Albert Brown, Herbert Howard and B. E. Davis assisting.

Signs announcing the community of Stanton are to be placed on the highway at the east and west approaches by the chamber of commerce, and the club voted to buy the metal signs of the organization to be attached to them.

In reward for the work done by the local Boy Scout troop, which is sponsored by the club, in conducting a census of the community, the chamber of commerce turned over \$56 to the treasurer, Warren Cox, Scoutmaster, requested additional members be appointed to serve as Scout committeemen.

Kittens Softball Team To Practice Friday, Sunday

The Buena Park Kittens, the girls softball team, held its first practice session at the new recreation park field last Sunday from 1:00 to 3:00 p.m. A total of 11 girls registered with acting team manager H. F. Jones although the turnout of prospective players was considerably larger.

The Buena Park Lynx also used the new field on Sunday for preliminary practice sessions. Manager of the Lynx is Marion "Shorty" Hill of Buena Park. Doug Wheeler of Fullerton is coach.

The Tigerettes, the junior high school age group of players will not begin practice until the middle of May because of school. They may begin warming up earlier for a few hours each Saturday without interfering with school work, it was learned.

P.T.A. Minstrel

Join in the fun in the Cypress elementary school auditorium on Friday or Saturday nights, March 25 and 26, at eight p.m. The P.T.A. is presenting one of the biggest, best and most entertaining minstrel shows, featuring local talent, you-all ever saw. Have fun with Mr. Interocutor and the end men. Bring your family and friends for a gala evening of music and entertainment. Well be seen' yawl there.

Mrs. Frank Watte's Father's Rites To Be Saturday

A burial service for T. Sgt. Alcide L. Meric father of Rose Marie Watte, will be held Saturday, March 19 at Holy Sepulchre cemetery in Orange. Friday evening the rosary will be said at Winbigler's mortuary in Santa Ana, followed by an all-night vigil at the mortuary by the American Legion.

Veteran of World War II, Sgt. Meric fought with the "kids" of his outfit through the storming of Saipan and Tinian before he lost his life helping a buddy on Iwo. In the Marine corps record books his age was carried at 45, but the war and the ravage to the man caused his friends to think him much older. He died on March 2, 1945. Letters were sent to his wife and daughter commending his work with the men of his division, and the love for him by his men. He was called the "father" of his outfit, for his own superior officers were several years his junior.

Due to the fact that the sergeant has several times been moved from his original burial place on Guam, his family thought returning home would be more respectful, and at last have given him a permanent resting place. Reverend Father Albert Duggan of Los Alamitos, and Reverend Father Callahan of Santa Ana will officiate at the service.

Buena Park Club Plans Style Show

Plans for the luncheon and style show to be presented by the Buena Park Woman's Club on March 24, have been completed.

Modeling the spring and summer styles from Buena Park apparel shops will be members of the junior woman's club. Directing the fashion parade will be Mrs. S. Spencer of Fullerton, who has had much experience in that line. Tickets may be purchased from any club member. Many door-prizes of wearing apparel are an added attraction.

The luncheon and show will be held in the woman's club house on Grand avenue.

SOUTHLAND FLOWER SHOW OPENS NEXT WEEK

CALIFORNIA'S FIRST INTERNATIONAL FLOWER SHOW opens at 1 p.m. Saturday, March 26, for nine days in the clubhouse at Hollywood Park, Inglewood. Carol Ash, left, and Dorothy Ann Feader, of San Fernando High School, show how the weather man is cooperating to produce the finest blooms in years for the three acres of indoor exhibits at the show.

OUR DEMOCRACY—by Mat

PULLING TOGETHER

A GENERATION AGO, ONE OF THE GREATEST ASSETS ON A FARM WAS A WELL-MATCHED TEAM OF WORK HORSES. WITH A TEAM THAT PULLED TOGETHER, THE FARMER'S FIELD WORK WAS BETTER DONE—MORE QUICKLY AND MORE EASILY.

MANY OF THE THINGS WE DO TODAY ARE BETTER DONE, AND MORE SATISFACTORILY, WHEN WE PULL TOGETHER. WHEN A FAMILY DECIDES TOGETHER ON SPENDING AND SAVING—FOR EXAMPLE—BETTER PROVISION FOR TODAY'S NEEDS AND MORE SECURITY FOR TOMORROW, IS LIKELY TO RESULT. FOR THEN, EACH MEMBER FEELS A RESPONSIBILITY AND HAS A PART IN REACHING FAMILY GOALS.

Newspaper Asked To Vacate Office In Favor Of New Business Firm

Rumors being circulated around town that the newspaper is about to lose tenancy in the office it presently occupies will soon be a reality. It is expected that the move will be for the best and that the town will be benefited by the change. Owner of the building, R. L. Haskins, of Artesia, has informed the editor that a firm has signed a lease with him for possession of the building. Although no plans have been made as this week's edition goes to press, it is hoped that new quarters will be located in the near future and the change announced by next week.

It is understood that the new business will comprise a men's and women's furnishings store, which will carry a complete line of better merchandise, to include shoes.

The new tenants operate a similar business in a nearby town and carry only nationally advertised brands. A few physical changes in the building are contemplated in addition to the general facelift which Haskins has been giving the interior of the premises this week.

The Enterprise has maintained headquarters in this location since it started publication for this area almost a year ago to the week. Formerly Harvey's hardware store, a third business known as Belle's budget shop shared the location from September until recently. Oren Harvey will continue his agency for the sale of venetian blinds, but has relinquished his interest in the site at 5516 Lincoln avenue, also.

Jim Vinzer is at home in Cypress from Fort Ord. The army has transferred him to Fort Banning, Georgia, where he is to report by March 28.

Bill Tallant, driver for R & G Ready-Mix, returned from a two weeks' trip to his hometown of Wichita Falls, Texas, and is again back on the job this week. He returned his mother from a visit to their home in Long Beach.

Bill Tallant, driver for R & G Ready-Mix, returned from a two weeks' trip to his hometown of Wichita Falls, Texas, and is again back on the job this week. He returned his mother from a visit to their home in Long Beach.

Public Invited To Bingo Party Thursday Evening

The regular monthly meeting of Our Lady of Fatima society will be held at the home of Mrs. Ida Smith, 5731 Lincoln avenue, Cypress, on Wednesday afternoon at one-thirty o'clock. A cordial invitation is extended to new residents in the community to attend.

A bingo party will be held on Thursday evening, March 24, in the Woman's clubhouse on Grand avenue in Buena Park. The sponsoring St. Plus parish is hopeful that a large number will be present.

RANCHO SANTA ANA BOTANIC GARDEN SET FOR SPRING OPENING

The Rancho Santa Ana Botanic Garden, located in the Santa Ana Canyon, Orange County, announces the opening of the Botanic Garden to visitors for the spring season of 1949 on Friday, April 1, and on every Friday and Saturday thereafter during the months of April and May.

Visitors are admitted to the Botanic Garden by card only, obtainable by writing to Rancho Santa Ana Botanic Garden, Route 3, 23351 Esperanza Road, Anaheim, California, with a self-addressed, stamped envelope enclosed. The number of cars and people in each party should be clearly stated with each request. As the garden is some distance from the nearest town and no restaurant is maintained here, picnic tables placed under shade trees are provided for those desiring to spend the day at the garden. Because of the nature of this Botanic Garden, it is recommended that sport shoes be worn. The garden is open from 10 A.M. to 4 P.M. There is no charge for admission. Weekly flower shows will be on display, and a short non-technical talk will be given in the Assembly Hall at 2 P.M.

Chamber Views Several Matters Of Current Civic Interest With Open Mind

Publishers Here

An invitation has been extended to all members of the Orange county unit of the California Newspaper Publishers association to hold its next meeting in Cypress, it was revealed to members of the chamber of commerce in its meeting last Monday. A result of pleasant bantering between members of the fourth estate and the local editor as to the location of Cypress in the county forced the issue, the chamber was told. The date for the dinner meeting has been tentatively set for May second at Ernie's drive-in. Wesley Dickinson, noted lecturer and curator of the Grace Wiley zoo, will be guest speaker. It is expected that a large number from newspapers in the county and surrounding towns will attend.

Teen-Canteen Will Have Talent Show

The members of the Teen-Canteen will sponsor a local talent show on Saturday evening, April second, it was decided at a joint meeting held last Tuesday evening in the school house. This unusual activity will provide fun and amusement for the group, it is expected, and will be a diversion from the routine activities carried on.

Under the direction of co-ordinator Stan Doerr, the members decided to change existing rules and allow a student to progress to the group to which he is eligible immediately upon being graduated, rather than wait until the fall opening of school. Under this plan, graduates from the eighth grade this year will enter the high-teen group, and those being graduated from the sixth grade will be eligible for the low-teens. Another decision involved assistance from parents. Instead of the high-teens helping the low-teens and vice versa, mothers and fathers will be drafted to help in the serving whenever necessary, assisted by members from the group.

During the discussions, the boys and girls proved themselves to be alert in the democratic manner, presenting arguments pro and con on subjects under consideration, and taking sides in debatable matters, but with the resulting satisfactory changes in regulations and decisions on policy.

At the social meetings last weekend, the room was decorated in green and white. About forty members were present for the low-teen canteen on Friday night, and a sum of \$10 was cleared for the treasury. The high-teens had about 125 present, and cleared \$10. Chaperones on Friday night were Mrs. H. P. McKinzie, Mrs. J. Duncan, Art DeVahl and Stan Doerr. Present in addition on Saturday evening were Jimmie Wright and H. P. McKinzie.

New Santa Ana Freeway Link To Open Sunday

Another link in the Santa Ana Freeway, which goes through Buena Park, will be completed in a few days as state engineers continue to rush work on the major artery as rapidly as budgeted funds will permit.

Before April, motorists on the highway will be able to drive up Anaheim-Telegraph or Olympic boulevard and join the new Freeway at Eastman street, or six blocks east of the Los Angeles city limits at Indiana street. This includes a new two mile stretch connecting with the original 2 1/2 mile portion from the Union station to Soto street. The tentative opening date is March 20.

Of equal interests to Countians was information that the 1949-50 budget contains money to improve Manchester boulevard from the county line at Buena Park east to the junction with U.S. 101 at Miraflores, south of Anaheim. This calls for a dividing strip to be built and the present highway to be extended to a double lane on each side with cross highways on grade with signal lights.

A grade separation structure at Atlantic boulevard and Anaheim-Telegraph Road has been started to eliminate one of the worst traffic bottlenecks in the Southland.

Two Men Selected From Chamber for County Committee

A committee is being set up on a county-wide basis to protest the proposed action of the Pacific Electric railroad to discontinue passenger service on the Los Angeles - Santa Ana line, which serves Cypress. Because of a request to the Associated Chambers of Commerce of Orange county by the Garden Grove chamber, it was possible for that body to authorize a committee, the members of which will be chosen by chambers in the towns of Orange county to be affected by the threatened action.

Walter Schmid, president of the county organization, visited in Cypress Tuesday. After discussing the matter with Richard V. Hathcock, president of the local chamber, it was agreed that the best weapon with which to fight the scheduled abandonment is for the communities to unite and cooperate to present a unified front to the Public Utilities commission if a hearing is held. President Schmid pointed out that a mere protest is not as effective as when suggestions to remedy the situation are offered as an alternative. The committee will be given the power to act with respect to the proposed abandonment after a thorough study of the situation has been made.

President Hathcock has submitted the names of James Broadbelt and Robert Hoyt to the executive secretary of the associated chamber. These members will act with representatives from Santa Ana, Garden Grove, and Stanton to best protect the interests of the residents in this matter. The unincorporated areas mentioned would be left with no means of public transportation at all. Other communities in Los Angeles county through which the line operates would be similarly affected.

CYPRESS CHOSEN SITE FOR NEW BUSINESS

A permit was granted this last week by the county to C. C. Peterson, for the erection of a real estate office on Lincoln avenue, east of Watson on the south side of the street. The work on the building was started Wednesday afternoon. Peterson is a licensed contractor and real estate salesman. He is owner and operator of his construction company. He plans to build houses in this area, having already completed some construction on Karen street.

The pre-cut, collapsible type wooden structure being erected on Lincoln avenue will be his main office and he plans to move to Cypress from Huntington Beach in the near future. He has leased the property on which his office is located. Associated with him part of the time will be W. A. Houston, real estate broker from Huntington Beach.

The Joseph Mehrn's entertained a group of their friends in their home Saturday night, with cards and watching television. Their guests were Mrs. Eugene Miller, Mrs. and Mr. Paul Simmick of Long Beach, Mr. and Mrs. Harold Palmer of Los Alamitos. Later in the evening Esther served her friends a light refreshment.

be secured to warrant having a guest appear.

Members present were President Hathcock, Secretary Noe, J. Moss, J. Bryant, E. Essex, C. W. Biggs, E. V. Corby, E. O. Clark, E. Sartwell, J. Broadbelt, J. Van Dyke, J. Mata, A. Yost, B. Kroesen and new member Mrs. Maybelle Dyer accompanied by her daughter-in-law, Mrs. Hector Dyer and other guests, Mr. and Mrs. R. R. Ohlson, owners of the Cypress grocery store, who were introduced by Sartwell.

YOU ARE PROTECTED!

Housewives in the Cypress area and residents who answer the doorbell are once again reminded that your business men's organization took steps last summer to protect you against misrepresentation by peddlers and solicitors. The plan is in operation and is functioning from the angle of the committee which was appointed to view the applicants qualifications and to issue a "card of approval" to solicit from house to house if his credentials proved to be as claimed.

This week, L. C. Chapman, manager of the Los Angeles regional office of the Veterans Administration has broadcast a warning that the VA does NOT sponsor magazine subscriptions to aid disabled veterans. Chapman said that his office had received numerous phone calls recently from firms and individuals who had been offered subscriptions to magazines allegedly to aid hospitalized veterans.

Remember, there is no way that door to door peddlers may be legally prohibited from operating. But remember, also, your chamber of commerce through its business men's group has set up a system to protect you from unscrupulous salesmen who are misrepresenting their products. In the above instance, such an operator would not apply to the committee, because his application would not bear investigation. You are the unsuspecting victim unless you cooperate by asking first to see the "card of approval" issued by the local organization.

YOUR ESTATE

It's a rather startling fact that many a person who spends a lifetime building up his personal fortune never bothers to make any provision for its disposal, or he leaves a will which is so ambiguously worded that it fails to stand up in court. The result is that in numerous instances the estate of the deceased is disposed of in a way he never intended. And too often, his own family is the loser. No doubt, most of the men who fail to have a proper will drawn up for them intended to get around to it. But tomorrow is always more convenient until there are no tomorrows left. Legal experts who see this sort of thing happen almost daily, recommend that anyone with an estate have an attorney prepare a will for him at once. The attorney is important since he can phrase the will in proper legal language. A second, and equally desirable step, is to name a bank as executor or trustee in the will. This will place the handling of the estate in the hands of men especially qualified and thoroughly trained for that purpose. A little foresight, plus a little action now will protect both your estate and your family.

"This lad we bury today is partly the victim of your folly . . . and the folly of all the peace-loving peoples of the world." — General Omar Bradley, at Memorial Day services for a Congressional Medal of Honor Winner.

Veterans Center Gives Aid To All Servicemen

An invitation to the older veterans in the Orange county area to take full advantage of the counseling and other assistance available to them at the Orange County Service Center, 225 North Broadway, Santa Ana, has been issued by Jim Kilroe, Assistance Secretary, Orange County Council, American Legion Relief Commission.

"Because most of the veterans' benefits currently getting public attention were enacted within the last few years," Kilroe said, "I have observed from time to time a mistaken impression that the Orange County Veterans Service Center was prepared to deal only with the problems of veterans of World War II."

This is definitely not the case, Kilroe emphasized. While a few veterans' programs are earmarked for World War II ex-servicemen, such as education and training and GI loan guarantees, many other benefits both federal and state, are applicable to veterans of both World Wars, and some to those who saw their service in the Spanish-American War.

These latter include medical and domiciliary benefits (both state and federal) disability compensation and pension, and government life insurance. In addition, surviving dependents of deceased World War I and Spanish-American War veterans can get assistance from the Orange County Veterans Service Center with such matters as death compensation and pensions, burial benefits and guardianship service.

Kilroe suggested that older veterans in particular, take a "stitch in time" by registering pertinent information about their military service with the Service now, so that records can be checked well in advance of any emergency.

SOCIAL SECURITY

WAGE CREDITS

NOW AVAILABLE

How much money do you have credited to you under your social security number?

Do you know how important it is to find out?

Do you know that a free post card for this purpose is yours for the asking?

These questions are asked by J. G. Bretherton, manager of the local Social Security Administration office at 423 Jergins Trust building, Long Beach. Bretherton stated that few people realize they can get a statement of their wages from the Social Security Administration. Such statements include all wages paid under Social Security. That means since January 1, 1937. Such information is yours for the asking. If you don't ask at least once every four years, the statute of limitation period, then the wages posted to your credit may be considered correct and permanent for all future purposes. If you do inquire within the four-year period and you find an error in your account, your local office will assist you in straightening the matter out.

The amount of wages posted to the worker's account, Bretherton added, has a definite bearing on the amount of old age or survivors benefits payable. It could mean the difference between receiving or not receiving any benefits at all.

Endurance Fliers Start 2nd Leg Of Miami Flight

Endurance fliers Bill Barris of Buena Park and Dick Riedel of Midway City took off in their Aerona "Sunkist Lady" from the Fullerton Municipal Airport at 11:44 a.m. Tuesday on their fourth attempt at the world's aircraft endurance record.

Weather conditions lifted after a heavy haze delayed the takeoff from its announced time of 10:00 a.m. C.A.A. demands a minimum visibility of three miles.

Both pilots expressed confidence in their ability to surpass the present record of 726 hours set by Wes Carroll and Clyde Schlieper, two Long Beach fliers, in 1939.

Another plane took off with the fliers carrying the three ground crew members, Frank Miller, Don Janson and Lloyd Colbach. This plane will land at each of the scheduled stops to get fuel from Jeeps which will be provided at each of the 12 cities along the proposed route to Miami, Florida, and back.

The pilots left Phoenix, Arizona, Wednesday morning and were due to arrive over El Paso around noon on Wednesday. The party refueled three times at the Arizona field before they departed for Texas.

The fliers hope to stay in the air continuously for more than six weeks. They were forced down after 568 hours in their best previous attempt.

Rose Bushes Given As Unusual Prizes For P.T.A. Party

The faculty of the Cypress elementary school entertained at the regular P.T.A. card party held Tuesday evening, March 15, in the utility room. A large number of townspeople were present, filling eleven tables for cards, and other guests joined in other games.

The St. Patrick's day theme was carried out in the decorations, using the green and white for streamers and motifs significant to the occasion. Refreshments, furnished by the teachers, featured different kinds of pie which were home-made.

The prizes for the evening were rose bushes from Boyd's Nursery, with T. J. Boyd generously donating the door prize as his share of the affair.

FIFTH GRADE HAS SUBSTITUTE TEACHER

For several days this week, Mrs. J. A. Calder has been substituting for Mrs. Lois Lissner in the fifth grade.

Colvin To Retire At End of Month

Charles Colvin will be retired from active duty as custodian of the Cypress elementary school on March 31. He has served faithfully for twenty-one consecutive years.

It is reported that in all that time Colvin has never missed raising the flag in the school yard, and was away from his work only two days due to illness.

Orange County Mineral Yield Ranks Fourth in State, Tops Agriculture

Now, 100 years after, black gold has supplanted the yellow, and so Orange county becomes the fourth ranking mineral county in California, strange as it may seem in a county so noted for agriculture. Mineral yield here has reached \$67,854,831 annually, which is well above agricultural production.

The metal that caused California's first traffic jam, in 1849, is today very much a minor product, according to data from the State Division of Mines, covering 1947 mineral production. Except for Sacramento county, which produced 113,560 troy ounces for a yield of \$3,974,600, gold production was scarcely worth mentioning. Only one other county, Butte, produced as much as half a million, Butte's output being \$946,295. San Bernardino county was the only southern county with gold production, standing tenth with \$154,315.

San Bernardino, incidentally, was second in silver production, which also was negligible in the state as a whole. San Bernardino's \$94,009 was topped only by Inyo, another southern county which produced \$1,118,578 in silver. Inyo also led in production of lead, with \$2,589,120.

California's real mineral production now rests chiefly in the oil fields which explains Orange county's high ranking. Due to petroleum, Kern county topped the state in total mineral production, with \$208,445,916, closely followed by Los Angeles county with \$202,764,633. Fresno county was third with \$89,342,311, Orange fourth with \$67,854,831, Ventura county fifth with \$62,514,862, Santa Barbara sixth with \$40,544,339 and San Bernardino county seventh with \$36,699,909.

Of the total state mineral production, \$855,553,000, petroleum accounted for nearly two-thirds, or \$561,597,000, with almost \$40,000,000 more represented by natural gas and another considerable yield from natural gasoline.

San Bernardino's position was gained without the benefit of petroleum its production covering a wide field of minerals.

Centralia P.T.A. Fathers Featured

Father's Night of Centralia Parent-Teacher association which took place last night in the school auditorium, was voted a great success by the many persons who attended the meeting. To create an atmosphere of good fellowship, Walter Taylor of Anaheim was asked to lead in community singing.

The devotional period was in charge of James McCoy. Glen Dysinger, school principal, introduced as speaker, Royal Marten, student councillor of Santa Ana junior college, and a member of Anaheim Toastmasters club. Speaking in an informal manner, Marten spoke on the part the father plays in the character development of his children.

A humorous skit of a scene in an old fashioned barber shop was enacted by the men whose costumes and adornments were appropriate to the gay nineties. A tribute to fathers was read by Mrs. Carl Korn.

Elected to the committee to nominate officers for the coming year were Mrs. Marie Fowler, Mrs. Ray Dillon and Mrs. Ed Maahs. Both election and installation will take place at the next meeting.

Baseball News

The eighth grade girls and boys played students from Laurel school in baseball last Thursday. They won the game with 32-10 scores for the girls and 7 to 2 for the boys' score.

Mother's Attention

The school officials wish to remind mothers that the school nurse visits in Cypress Tuesday mornings and Thursday afternoons. It would be appreciated if the school were notified any time a child has a contagious disease.

Also, the second series of immunization shots will be given the children from ten o'clock until twelve noon on Tuesday, March 22, in the teachers' room of the school.

ANGELS AND STARS TO PLAY AMERICAN LEGION BENEFIT

The Los Angeles Angels and the Hollywood Stars will play a benefit game next Sunday at Amerigie Park in Fullerton, starting at 2:15 p.m.

The exhibition game will raise funds for the American Legion sponsored lights at the baseball field. Before this season the Buena Park Lynx used Amerigie Park and were instrumental in raising funds in other benefit games. Tickets can be purchased locally at Jim's Barber shop on Grand Ave.

STUDY HOME MISSIONS IN ALL-DAY MEETING

Members of the Baptist Women's Missionary Society met recently at the church for an all-day session with a pot luck served at noon. A program on home missions was given in which articles were read concerning missionary work being done among the Indians, Chinese, Negroes, and other underprivileged groups. Taking part were Mmes. Troy Stinson, Bill Almand, Martha Warmon, Leslie Davis, Andy Kolosky and Arthur King. Mrs. Kolosky was in charge of the program. Others attending were Mrs. Alene Kelly, Mrs. Clarence Fender and Mrs. E. Haley.

Baptist Minister Resigns Here

It was with sincere regret that the congregation of the Cypress Baptist church accepted the resignation of their pastor, Rev. Arthur King, who goes to take up the pastorate of the Dunsmore Avenue Baptist church at Highway Highlands. The family will remain in Cypress until after the close of school. W. V. Buckner will act as supply pastor for the next few weeks.

WELCOME!

ON PAMPHLETEERING
(From The Note Book of Elbert Hubbard)
If any aspiring college youth wishes a subject for a thesis, I commend this — Pamphlets and Pamphleteers. The theme is old, but it is not hackneyed. When you write of pamphleteers, you will touch history at a thousand points. He who knows the history of

I RISE TO REMARK
By John Phillips
Last week this letter broke the prospective Federal budget down to a probable deficit of about 10 billions, without including the Truman Program, for general welfare and security, for which the President asks additional taxes. That program includes, generally, the following items, with their costs over a 10-year period.
Slum clearance program, heretofore carried by local agencies, and historically handled more efficiently by them 1.5
Public housing, often confused with the above 1.1
Farm housing, ditto .3
Nationalization of health, now a recognized failure in Great Britain 58.0
Federal aids for education, to the states, every one of which has money in its treasury, while the Federal government is 250 billions in debt, and doesn't know how to pay that debt.
At least 3.0
Old age pension increases 15.0
Unemployment compensation proposals 1.5
The St. Lawrence Seaway .6
Public works of alleged military value 3.0
Universal Military Training (estimated) 20.0
billions 104.0
or about 10 billions a year for ten years.
That is the figure to add to the

52.3, computed last week. This puts us about 20 billions in the red every year, and this is the figure hopefully to be covered with the "4 billions in new taxes," for which the President asks.
The rising interest in taxes suggests that you might like to know how the budget is broken down into subject expenditures. I will take 4 major subjects and show the appropriations to date for f.y. 1949 (which ends June 30th) and the requests to date for f.y. 1950, which ends a year from then. The figures are in billions and the % is of the total budget:
1949 1950
For foreign aid \$ 4.7 13.62% \$ 4.9 10.48%
For all functions of the veterans administration 5.1 14.60% 5.7 14.60%
For all military, naval, and air defense costs 10.5 30.53% 13.9 33.25%
For interest on the National Debt, most of which is due to past wars 5.3 15.25% 5.4 13.11%
(To which should be added the activities of the army engineers in river protection, harbor work, and other public activities, some of which have defense objectives.)
Civil functions 1.9 5.54% 1.8 4.20%
a total of \$27.5 79.81% \$31.7 75.64%
It leads to serious thought when 75% of the tax money of a nation goes to pay for past, present and future wars.

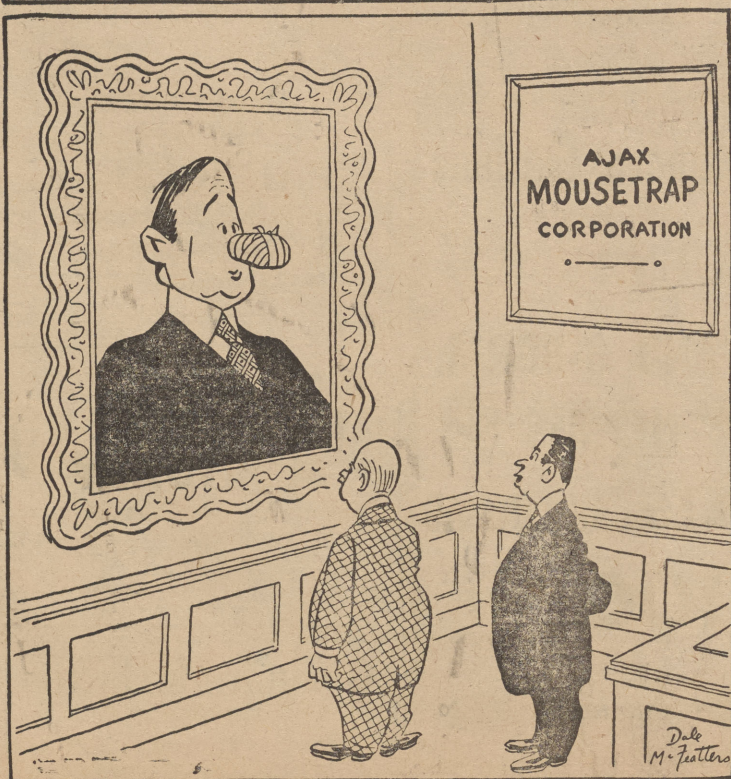

OUR COSTS HAVE GONE UP... BUT **electricity** IS STILL TODAY'S BIGGEST BARGAIN

CYPRESS LOCALS

CORRECTION

In reporting the news concerning the two-headed calf born recently on the John Martin ranch, the Enterprise was misinformed with regard to the disposal of the carcass. The information received was that it had been sent to Santa Ana to be mounted. We wish to state that our local taxidermist, Ralph Ellsworth, has the remains of this unusual animal in his possession at the present time. When it is properly prepared for exhibit, this newspaper will be advised, and will publish the details of where and when it may be seen. Our apologies to taxidermist Ellsworth. It is the old story of the prophet in his own country whose talents are overlooked.

The local post No. 9847 of the VFW happily announces that it has secured headquarters in one of the new buildings at the corner of Lincoln avenue and Miller road. The procurement of their own quarters gives the members an opportunity to conduct their business and social meetings in a permanent location. Kitchen facilities will be provided, and it is hoped that enough donations will be received to furnish the meeting place. As a result of the advertising campaign carried on recently, when card table covers were sold, the group received 42 chairs and 24 tables. Election of officers for the ensuing year is the next order of business, with installation of officers to follow in April.

Scout Troop No. 76, sponsored by the Veterans of Foreign Wars, participated in the annual northern Orange county Boy Scout rally held in Fullerton on a recent Thursday with 13 troops participating. The rally was held in the Fullerton high school gymnasium. Scouts present from Cypress were Walt Beuck, Norman Adams, Buddy Chambers, Richard Kaulen, Clayton Lettler, Kenneth Schelling, James Hedgecock, Robert Boster, Ronald Garrison, Monte Zebell, Wayne Harris and VFW committeemen Priddy, Luty, Sutphin, Buzzo and Commander Biggs. Scoutmaster Kepner of Troop No. 76 and county councilman Paxton kept the rally in full swing. Knot tying was under the direction of Luty; compass and pacing contest, Sutphin; O'Grady drill in full charge of Buzzo and four scouts were permitted per troop to enter the activities. During the rally, Commander Biggs presented a first aid kit to members of the local troop. This kit will be used for hikes coming up in the early spring.

Ronnie Hughes, son of Mr. and Mrs. Ted Hughes who makes his home with his grandparents, Mr. and Mrs. Bert Palmer of Harding street, is now able to walk with the aid of crutches after being in a cast from his arm pits down for two months. Last December Ronnie suffered a spiral break in his right leg three inches below the hip. He hopes to start back to school next week. His maternal grandparents, Mr. and Mrs. W. Malone of Long Beach visited him on Monday.

Nikki Mohler and Lavonne Barick were initiated into the Rebekah lodge in Artesia last week. There are about 20 Cypress women who are members of the Artesia lodge.

Ervin Infield of Los Alamitos was the dinner guest of Mr. and Mrs. Harold Appleby on Sunday, the occasion being the celebration of his birthday anniversary.

Wade Koenig, Mike Troop and Norman Adams, members of the local Boy Scout Troop 76, spent the week-end camping out along the San Gabriel river.

Mrs. Virginia Quast has returned from a lengthy visit in Glendale and will live on DeLong street.

Friends of Otho Switzer will be sorry to know that he is still hospitalized in Covina. Notes and messages will reach him in care of the Covina hospital.

New building permits granted in Cypress this week included one to Charles Martin for a home at 5561 Karen street and another to Thomas Rowan, home at 5391 Camp street.

Mr. and Mrs. Jack Junker and children, Virginia and Donnie, spent Sunday in Exposition park in Los Angeles. They enjoyed a picnic lunch and a trip through the museum.

Mr. and Mrs. Gus Ehrig, and their two sons who have been students in the Cypress elementary school, will leave on Saturday for their farm home in Iowa, near the town of Hudson. The Ehrigs have wintered here and proved to be civic-minded residents, interested in community affairs, and their many friends will be sorry to have them leave in their trailer house from the court where they have lived.

Forrest "Frosty" Lowrey, who was reported as very ill with pneumonia as this paper went to press last week, has recovered and is once again a familiar sight on the streets in Cypress. Lowrey, a physically handicapped person, showed great stamina in his remarkable recovery.

Why it's a pipe wrench.

Here's another informative point. Some of our customers have claimed that we are the best plumbers in the world—a debatable subject since we don't know all the plumbers in the world—would appreciate your help in settling the debate. Kindly call 2244 when in need of careful plumbing and judge for yourself.

Staff sergeant Wesley Hazlett is visiting in the home of his brother and family at 8351 Moody St. Recently returned from Alaska where he saw service with the army, Hazlett plans to return soon to the parental home in La Junta, Colorado.

Mr. and Mrs. D. C. Dillingham are the parents of a baby daughter born Sunday in Seaside hospital in Long Beach. The family lives on Carson avenue, although Cypress is their home, and have twin daughters in addition to the new baby girl.

The News—All the News—All the Time

Your Kitchen Counsellor

by LOUISE THOMAS

Southern Counties Gas Company Home Service Director

IRISH SHENANIGANS

Though your name may not Mulligan, O'Toole or MacVaneen, you still can help us celebrate the wearing of the green, and St. Patrick's Day is an excellent time for "Feeling The Irish" and giving the dinner party that you have been planning.

Dress the table in a red checked cloth and have a real Irish Shenanigan. Shure and begorry what would a St. Patrick's dinner be without the traditional paddy green and white as colors for decorating. With some shamrocks, green balloons, paper streamers and green hats, you can make the dining room look like a corner of the Emerald Isle itself. Let one or all of these suggestions help you do just that.

CREAM OF SPINACH SOUP

(Serves 4)

1 can cream of spinach soup
1 C. milk
1/2 C. grated cheese
Heat soup gradually. Add milk small amounts at a time. Stir often. Pour into soup bowls and top with grated cheese.

SHAMROCK SALAD

(Serves 6)

3 four lobed green peppers
2 packages cream cheese
1/2 C. grated cheese (American)
2 Tbsp. chopped pimientos
2 Tbsp. chopped stuffed olives
2 Tbsp. salad dressing

Parboil green peppers (seeds removed) for five minutes. Chill. Mix cheeses, pimientos, olives, salad dressing. Stuff peppers solidly with cheese mixture. Chill, slice and serve on lettuce leaves.

ROAST LEG OF LAMB

(Serves 8)

Select leg of lamb weighing 4 to 5 pounds. Wipe with damp cloth, sprinkle with salt and pepper and rub well with flour. Rub with a peeled clove of garlic for additional flavor. Place on rack in open pan

with skin side down. Roast 35 minutes to the pound at 325°.

GOOD LAMB GRAVY

(Serves 8)

Pour off all but four Tbsp. of the fat, leaving the rich brown crust in the pan. Stir 4 tablespoons flour into the pan and brown over low flame. Add gradually, 2 cups boiling water. Stir vigorously. Let cook until bubbles appear and the gravy has thickened. Season with salt and pepper. Cook slowly from 5 to 10 minutes to thoroughly cook the flour, stirring occasionally. Serve hot.

MINT SAUCE

(Serves 10)

1 C. sugar
1/2 C. mild vinegar
3/4 C. fresh mint leaves
1/4 C. white seedless grapes
Place sugar and vinegar in sauce pan. Bring to boil. Remove from flame. Add mint leaves. Let sauce stand in a warm place for at least one hour. Add grapes just before serving. Serve warm or cold.

BROILED NEW POTATOES

Peel small potatoes and parboil 10 minutes. Drain, brush with melted butter and broil, turning each potato occasionally until evenly browned. Season with lima beans or buttered peas.

MINTED FRUIT PUNCH

(Serves 10)

1 C. lemon juice
1 bunch fresh mint
1 1/2 C. sugar
1 C. water
1 1/2 quarts ginger ale

Add mint leaves, sugar and water to lemon juice. Let stand 30 minutes. Place large piece of ice in mixing bowl. Pour mixture over ice and then add ginger ale.

ST. PATRICK'S DAY COOKIES

Prepare rolled cookie dough, using any recipe desired. Cut into shamrocks or horseshoes, using cookie cutter or cardboard pattern. Frost and decorate with confectioners sugar moistened with milk and tint a pale green.

LUCKY HORSESHOE SANDWICHES

Spread green tinted cottage cheese between slices of brown bread and cut around a cardboard horseshoe pattern. Serve with salad.

NOTICE OF ELECTION FOR MEMBER OF THE GOVERNING BOARD OF THE CYPRESS ELEMENTARY SCHOOL DISTRICT

NOTICE IS HEREBY GIVEN TO THE ELECTORS OF THE Cypress Elementary School District of Orange County, California, that the Annual Election for members of the Board of Trustees of the Cypress Elementary School District will be held on the third Friday of May, viz May 20, 1949.

It will be necessary to elect one member.

The polling place for said electors of the Cypress Elementary School District will be at the Cypress Elementary School District.

The polls will be open between the hours of 12 o'clock noon and 7:00 o'clock P.M.

The officers appointed to conduct the election in the above-named Elementary School District are:

Mrs. Julia E. Bouse Inspector
Mrs. Dorothy Lukins Judge
Mrs. Hazel M. Palmer Judge
/signed/
D. T. MACKAY Clerk/Secretary

March 16, 1949.
(Publish Buena Park News March 17, 24, 31, 1949.)

NOTICE INVITING BIDS NOTICE IS HEREBY GIVEN that the Board of Trustees of the CYPRESS SCHOOL DISTRICT of Orange County, California, will receive sealed bids up to 7:00 p.m. o'clock on the 1st day of April, 1949, at the office of said School District, 5202 Lincoln Blvd., P. O. Box 157, Cypress, California, at which time said bids will be publicly opened and read for the furnishing of all materials, labor and services for the following:

Construction of a storage building, using Corrugated Iron siding,

or
Construction of a storage building, using Aluminum siding;

all of said work to be performed in accordance with specifications which are now on file in the office of the Superintendent of Schools, 5202 Lincoln Blvd., P. O. Box 157, Cypress, California.

Pursuant to the provisions of Section 1770 of the Labor Code, the Board of Trustees of said Cypress School District has ascertained the general prevailing rate of wages in the locality in which this work is to be performed for each type of workman needed to execute this contract. The prevailing hourly wage scale so ascertained is as follows:

Carpenter \$2.0375 an hr.
Helper 1.75 an hr.
Electrician 2.40 an hr.
Helper 1.75 an hr.
Roofer 2.00 an hr.
Helper 1.75 an hr.
Cement Finisher 2.12 an hr.
Helper 1.50 an hr.
General Labor 1.48 an hr.

One and one-half times the prevailing rate of wages shall be paid any working time in excess of eight (8) hours in any one calendar day and for Saturdays, Sundays and legal holidays, unless otherwise noted. For less than eight (8) hours per day the rate shall be that fraction of the foregoing rates that the number of hours bears to eight (8).

Each bidder must submit with his bid a satisfactory check certified by a responsible bank or a bidder's bond made payable to the order of the Cypress School District in an amount not less than five percent (5%) of the sum bid as a guarantee that the bidder will enter into the proposed Contract if the same is awarded him. In the event of failure to enter into such Contract, the proceeds of the check will become the property of the Cypress School District of Orange County.

Each bid must be on a blank form furnished by the Cypress School District.

Copies of the plans and specifications and contract documents may be obtained at the office of said School District.

The successful bidder shall be required to furnish, at time of signing agreement, one (1) surety bond which shall protect the laborers and materialmen and shall be for fifty percent (50%) of the

Mrs. Frank J. Watte, Phone L. B. 35348

Mrs. Blanche Dunn, postmaster at the local post office, was among a group of 200 post masters attending the dinner meeting at the Biltmore Hotel in Los Angeles. Burris Jackson, of Texas, president of the National Association of Postmasters, was the guest speaker for the evening. The subject of his interesting and informative speech was "Our 1949 Legislative Program."

A daughter was born at the Fullerton Hospital to Mr. and Mrs. William Van Dyke, who reside in Long's Trailer Park. The new little baby's name is Mitzie Irene, and weighed seven pounds and four ounces. Visiting the Van Dyke household, is Mrs. Roger Pickering, of Idaho Falls, mother of Mrs. Van Dyke, spending the month greeting her new granddaughter.

Mr. and Mrs. D. Brisby and children of Los Angeles, were dinner guests of Mr. and Mrs. Union Temple, Sunday, at their home on Reagan avenue.

The regular Bingo party of the St. Isidore parish will take place Friday night, March 18 at eight o'clock following services. Chairman Tom Jay said that a door prize and refreshments will be offered, also a cash prize. The game will be held in the rectory as usual.

Alice Pattyn, received a long distance telephone call from her brother, Emile, from New York, Friday night telling her that he was leaving the states for Europe. He said that he thought Germany would be his destination. He is in the Army, with the air lift.

Mrs. Otto Turley, "Georgia" to everyone, is recovering satisfactorily from a recent minor surgical operation.
